

SUN BEAMS

by WALTER M. BARRETT

Next week this entire region will be filled with vacationists who will take advantage of the long Independence Day week-end to get out of cities and sweltering valley points to enjoy the cool and invigorating atmosphere of the high Sierra. Thousands of cars will crowd the highways and freed from the confines of offices and uncomfortably hot dwellings, the drivers will be intent upon reaching the mountains, lakes and streams. As a result traffic hazards will be increased many fold and extreme caution will be necessary if accidents are to be avoided. Under the best conditions, accidents are all too frequent, but at holiday time utmost care must be exercised.

While thinking of the thousands who will pass through Truckee this week-end as well as the next, we naturally ponder on the condition of our untidy streets. The sanitary board has offered to make a survey, and determine what can be done to correct the situation but before we know it, the streets will again be covered with snow and then the project can be delayed another few months. Each spring and throughout the early summer months we worry about the condition and seek a solution. Then as fall rolls around and snow blows down off the summit, we give our thoughts to winter sports and forget the accumulation of trash which cannot by any stretch of the imagination appeal to our visitors. In case it is too late to do anything about the situation for this summer, suppose we start now thinking about what we can do next summer and perhaps find some answer.

One of the best projects being undertaken by the Lake Tahoe-Sierra association is the drive to have the lake and nearby streams restocked with trout. Committees have been named to forward this work and are doing a good job. However, they will need the co-operation of the entire district if the task is to be done right. With everyone working together toward a common cause, much can be accomplished and we will all benefit. The same thing applies to the Truckee river, which naturally would be benefitted by the proposed work of the association. In Truckee we have organized the Sierra Fish Planting Club to carry on the fish program in the area and while support has not been unanimous, assurances of success are indicated. Fishing is one of the main assets of the region and too much cannot be done to strengthen this resource.

FRANK WILSONS TO SPEND FOURTH HERE

Mr. and Mrs. Frank Wilson expect to visit friends and relatives in Truckee during the July 4th holiday from their home at Murphy. Wilson is employed by the lumber company at White Pines, Cal., where he will remain until the end of the summer.

SANITARY BOARD PROMISES SURVEY

Meeting this week, members of the Truckee Sanitary Board again agreed to study methods of keeping the streets of Truckee policed and freed of accumulated debris. It was not definitely announced just what action would be taken, but the promise was given that steps would be taken to correct the much discussed subject.

CITY COUNCILMAN IN RACE FOR SUPERVISOR

NEVADA CITY, June 27— Another hat is in the political ring for the office of supervisor of the First District, Irvine Seaman, recently elected city councilman, announced his candidacy for the position. Already announced are Cary S. Abrogast, incumbent, and Frank Davies, also a city councilman.

CHARGE DISMISSED

TAHOE CITY, June 27— John Herreira of Kings Beach, held on a statutory charge on complaint of Miss Thelma Stephens, appeared in the court of Judge E. W. Bliss on Wednesday where he was given a six months suspended sentence on a charge of driving without a license. Miss Stephens' charge was withdrawn.

TAHOE CITY, June 27— A small fire at the south end Wye Monday afternoon was speedily extinguished by rangers directed by Raleigh Bryan of the Meyers' ranger station. A limited area was burned over. The cause was undetermined.

Three Men In Local Contest For Supervisor

Time For Filing Petitions To Enter Political Race Now Closed

JUDGE IS UNOPPOSED

Spirited Contest Expected for Primary On August 27

With all candidates now filed for the August 27 primary election, it became apparent that state administration forces would not attempt any "purge" of legislators from this district. With the filing deadline past since last Saturday, the incumbents, both registered Republicans, were on the ticket. They are State Senator Jerrold L. Seawell and Assemblyman Allen G. "Scoop" Thurman.

T. S. Marlor, Placerville attorney, and former adjutant of the American Legion post there, has filed to oppose Thurman in the sixth district. He is a Democrat and has filed on that ticket only. Thurman has crossed filed on both major tickets.

Representative Harry Englebright, Nevada City Republican, is unopposed for re-election to the U. S. House of Representatives.

In the fifth Nevada county district, in which Truckee is located, County Supervisor Alex Robertson of Hobart Mills and Truckee, will contest with Ben Tonini, former justice of peace and local clerk, and C. B. White, retired banker and president of the Truckee chamber of commerce. Superior Judge George L. Jones is unopposed for retention on the Nevada county bench.

In the fifth Placer county district, which includes Tahoe City, Supervisor John McFadden of Forest Hill will be unopposed.

The only other contest of local interest, involving a seat in the United States Senate, incumbent Hiram W. Johnson, Progressive-Republican, will do political battle with Democrats John Anson Ford, Los Angeles county supervisor; Sam Yorty, state assemblyman; Ellis E. Patterson, state lieutenant governor, and Alonzo J. Riggs, ham and egg advocate.

BI-COUNTY LEGION COUNCIL TO MEET

The next meeting of the Bi-county Council of the American Legion will be in the form of a picnic at Memorial Park in Grass Valley, according to advices here. It will take place on Sunday, August 4.

All posts in Nevada and Placer counties are affiliated with the council. This, of course, includes Truckee Post No. 439.

1927 LICENSES CALLED IN AS OF JULY FIRST

All "good until revoked" drivers and chauffeurs licenses issued in 1927 have been revoked as of July 1, the state department of motor vehicles advises. Holders are reminded to renew them at once.

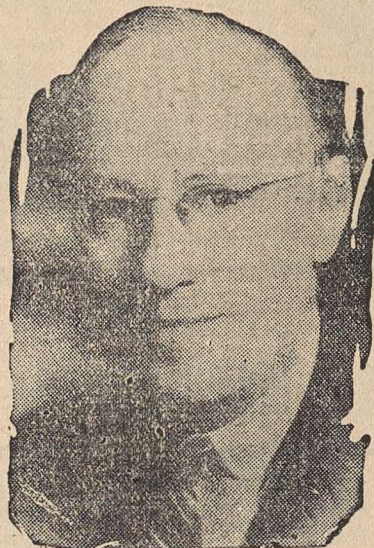

To date less than 30 per cent have applied for renewals, and this means that there will be inevitable delays for those who do not apply immediately.

As these licensees have not been examined for at least nine years, they will have to take a vision, written and a driving test.

DOGS BARRED FROM S. F. WORLD'S FAIR

TREASURE ISLAND, June 27— Dogs have been officially barred from the grounds of the Golden Gate International Exposition on order of Dr. J. C. Geiger, director of the Department of Public Health of the city and county of San Francisco. The order was issued as an added precaution against the spread of rabies and for the protection of Exposition visitors. Previously dogs were permitted in the Exposition isle provided they were on a six-foot leash.

Seeks Return

Assemblyman Allen G. Thurman of Colfax whose name will be on the August 27 ballot for re-election, is shown above. Story of other candidates adjoins.

LIONS INSTALL NEW OFFICERS; DISTRICT HEAD OFFICIATES

With the newly elected district governor, L. R. Jefford of Grass Valley, officiating as installing officer, the officials of the Truckee Lions club were seated for the ensuing year at the meeting held last night at the California Cafe.

William M. Englehart, Jr., was installed as the ninth president, replacing Walter M. Barrett. Other new officers are C. J. Bowers, first vice president; N. F. Dolley, second vice president; W. M. Englehart, Sr., secretary; Elden Tonini, tail twister; Harold M. Hart, Lion tamer; C. B. White, treasurer and Al Fontana and Verne Shattuck, directors.

Reports of the retiring committee chairman show the club to be in a healthy, progressing condition. A. P. Leitch, chairman of the program and attendance committee, reported on the many outstanding programs enjoyed during the past year. C. Edmunds, as chairman of the civic improvement and activities committee, told of some of the major projects completed by the club.

Thomas S. Ward, instructor of the fire training from the bureau of trade and industrial education of the state department of education at Sacramento, who is here conducting a training school for the local fire department, discussed in brief the work of his organization and the benefits derived. He was the guest of N. F. Dolley. Other guests were John Pettitt and Roy Schmidt who came with W. M. Englehart, Sr., and Harry Landsberg of Hobart Mills as the guest of A. P. Leitch.

The outgoing president was presented with a fountain pen and pencil set by Jefford on behalf of the club.

TWO VETERAN RAIL MEN TO RETIRE SOON

E. G. Lawson, Southern Pacific yardman at Roseville, who began work for the company as car sealer and station baggage man in Truckee in 1904, is scheduled to retire on Saturday after 36 years of service.

He is the father of F. Melvyn Lawson, Sacramento educator. Walter H. Jones, also of Roseville, is also through with railroading. He has retired after 40 years of service, the last 20 being spent in the mountain service.

It was in 1901 that he transferred from Santa Fe to Southern Pacific.

TWO BRUSH FIRES EASILY CONTROLLED

Two incipient brush fires, neither of which caused damage because of the rapid work of the forest service crews were reported during the past week.

A discarded cigarette or burning match tossed from a car was blamed for the fire which Sunday morning swept over a small portion of land just west of Truckee. The second fire along the railroad between Iceland and Hirschdale caused the foresters trouble but was not of serious consequence.

Travelers to Lake Tahoe Tuesday were startled by a fire burning along both sides of the highway west of Tahoe City. This, however, was a permitted fire to burn out dried grass and weeds.

SCHOOL ADJOURNS TO VISIT BULL DOG FOR PERFORMANCE

TAHOE CITY, June 27— A new variant of the old "man bites dog" newspaper classic came up at Tahoe recently.

Quite often a dog visits a school but when a school visits a dog, that's news!

Several days ago the entire student body of the Tahoe Lake school went to see Barney, talented Boston bull, owned by Mr. and Mrs. C. O. Valentine. Dressed in a silver-trimmed Mexican costume, the clever canine performed in a wide repertoire of tricks.

Upon conclusion of the performance, Mrs. Valentine presented each visitor with an individual candy gift and plans were immediately laid for a return performance in the fall.

The party has become a semi-annual affair at the school.

OUTSTANDING LOVE STORY AT DONNER

Within a few days after closing a three weeks' engagement in theater concious San Francisco, the "five bell" production Rebecca will be shown on the screen of the Donner Theater, Manager Verne Shattuck has announced. Adapted from Daphne du Maurier's current best seller, Rebecca has been heralded as the foremost love story of this generation by outstanding critics.

The picture will be the feature attraction on the Sunday night bill at the local theater and will be shown early in July at the Tahoe Theater at Kings Beach, also managed by Shattuck.

NEW LIQUOR TAX TO GO IN EFFECT MONDAY

SACRAMENTO, June 27— California liquor dealers may change their price schedules to conform with the increased 75 cents per gallon federal tax on liquor which will become effective Monday, July 1st.

The state board of equalization at a meeting amended its rules so as to allow the schedules to be changed without giving five days notice in case of wholesalers and thirty days in case of retailers. The schedules must be filed not later than July 15.

Board Member Fred E. Stewart sponsored the rule change, declaring the dealers might suffer from a hardship unless it were made.

Dealers are required by law to post their prices and are forbidden to sell below their schedules.

To Frog Lake—

George Pace went to Frog Lake today on business.

Marriage License—

Donald R. Yost, 22, Tahoe Vista, and Neva Schmetz, 18, Hollywood, in Reno, Nev.

PENNIES ADD UP TO GOOD SUM IN LOCAL RED CROSS DRIVE

The old adage about taking care of the pennies and the dollars will take care of themselves, might well be applied to the current drive of the American Red Cross here.

A few days ago, Chairman C. B. White installed slot-topped fruit jars in various stores with signs calling attention to the fact that a penny could buy a bowl of soup for a refugee and asking donors to give what they could. The bottles were opened this week and a total of \$27.38 was added to the fund being raised.

White reported today that to date a total of \$145.80 had been secured, giving assurance that Truckee will go over the top in its quota.

Among recent donors were Mrs. G. E. Hofmann, Mrs. O. B. Wergeland, Mrs. R. P. Bick, Mrs. Clara E. Nelson, Mrs. Jennie Watkins, Mr. and Mrs. R. J. Buddle and Mrs. John Cartwright of Boca. Several anonymous donations have been received.

The ladies are meeting every Tuesday at 2 P. M. at the Wyethia Club house for the sewing project, White stated.

DR. TEEPLE TO ASSUME PRACTICE SATURDAY

Dr. W. D. Teeple, who two weeks ago purchased the dental practice of Dr. C. C. Cozzaglio, has returned from Escondido and announces that he will have his equipment installed and ready for business Saturday. Dr. Teeple, a graduate of University of Southern California dental school has had years of practice and comes here highly recommended. Aside from the regular dental equipment, Dr. Teeple has installed an x-ray machine.

The new arrival has rented the Gage place near the quarantine station and will be joined by wife and mother in three weeks, the latter remaining in the south to complete closing out affairs there.

Dr. Teeple has been active in civic and community affairs in the southern California city and is expected to be a valuable addition to Truckee.

SOUTHERN PACIFIC YARDS IN ROSEVILLE SPEED UP EMPLOYMENT THIS WEEK

ROSEVILLE, June 27—Orders were issued for a six day week for Southern Pacific roundhouse, machine shop, drop pit and car shop employees. Approximately 100 have been affected by the speed-up.

The order, issued Monday, will go into effect Saturday except for men who last Saturday went on the new schedule in the car shop.

The men have been working five days a week.

All available machinists, pipe fitters and boiler makers have been called back to service.

Heavy demands for freight cars is responsible for the extra work.

Grand Matron Of Lodge Is Feted At Meet

More than 70 Attend Dinner of Eastern Star At Donner Lake

MANY HIGH OFFICERS

Nevada, California Members Join in Truckee Session

More than seventy members of the Truckee chapter No. 116, O. E. S., and their guests were present at the banquet held at Donner Lake on Tuesday evening to honor Helen Louise Edwards of Fullerton, grand matron of the grand chapter, O. E. S., who made her official visit to the local lodge. Her escort was G. W. Brundage of Auburn, past grand patron.

The dinner tables were made beautiful with the abundance of wild flowers supplied and arranged by Miss Naida Gilmore of Berkeley.

Among the grand and past grand officers who attended were Hattie L. Railison, past grand matron of Nevada; Alice M. Berbrook, grand warder of La Mesa; Jean A. Hand, deputy grand matron of Nevada; Grace King, grand treasurer of Santa Paula; Marguerite Chie, deputy grand matron of South Pasadena; Ruth P. Mathews, past grand matron of Nevada; Pearl C. Ericson, grand secretary of Nevada; Fay Orr, deputy grand matron of Guerneville; Minnie E. Seymour, past grand matron of Mill Valley; Bessie B. Clapp, grand marshal of Oroqui; Iola M. Schadt, grand Ruth of Marysville; Rae Friedrichs, grand Electa, San Francisco; Ethel Schmidt, grand chaplain, Alameda; Jessie Brier, deputy grand matron of Modesto.

Scores of other visitors from various chapters in California and Nevada gathered here to enjoy the event which was the outstanding meeting of the Order of Eastern Star this season. Mrs. Elizabeth Bavler, worthy matron, was in charge of the meeting, assisted by her committee.

FOREST INN OPENS FOR 1940 SUMMER SEASON

TAHOE CITY, June 27— The Forest Inn, one of Lake Tahoe's most enjoyable resort centers, will open for the season Friday and on Saturday will feature a special dinner to mark the formal opening. Mr. and Mrs. Carl B. Dyer will replace Mr. and Mrs. Everett E. Prusso as managers of the popular establishment. Having had considerable experience in the catering business, service and fine foods are guaranteed by the new managers. It is the desire of Mr. and Mrs. Dyer to conduct the place in the same cordial manner which has made it so popular under the recent management.

The cocktail lounge and bar will not be opened until July 1, but the restaurant will be in full swing by Friday and old patrons and new are invited to visit The Forest Inn and be judges of the high quality service and excellent foods. Herman Zulaf, former chef at The Hotel Empire and other prominent eating places, has been secured to have charge of the kitchen and Farr Nelson will preside in the cocktail lounge.

The Forest Inn is located on Ward Creek, three miles south of Tahoe City. Service may be had on the Terrace Blue, the long cool porch at the entrance to the main dining room, as well as inside.

JUSTICE TUTTLE IS CONFINED TO BED

Justice Raglan Tuttle of Sacramento is confined to his home a few days recuperating from a nasal hemorrhage. He is the former superior judge of Nevada county and is now a justice of the third district court of appeals. Judge Tuttle suffered a severe hemorrhage last Friday evening just before he was to address the graduating class of McGeorge College of Law in the Sacramento Memorial Auditorium.

Urges Britain to Come to Canada

U. S. Senator Key Pittman, Nevada Democrat and chairman of the Senate foreign relations committee, left, this week proposed that the British empire move its seat of government to Canada in view of German advances thus far in the war. The suggestion was politely overruled by the Churchill government. Talking to the senator here is Ronald Van Time, United Press writer.

NAZIS' NEW WORLD

A new world is rising. France, broken and stripped of her empire, will give supremacy on the continent of Europe to Germany's Legions.

With their immense military might they can, and doubtless will, remould France, like they have most of Europe, in the image of Nazism with the almighty State as supreme top boss. Where European trade, local, national or international was once managed by private individuals, it will now be controlled by the socialist German State to further its power and glory.

This new world of State ownership rising in Europe threatens to swallow up a large share of this nation's export markets. Upon them millions of farmers and workers have hitherto depended. This blunt fact does not call for America to meet its challenge with arms. But it calls for far reaching adjustments within our own country. The \$800 million farm export market which war has wiped out indefinitely calls for \$800 million worth of energy on a deluge of grease on our part to replace lost markets new ones found near by. We have the goods, we have the demand. Let's make them meet. Let's give whole-hearted support to farmer-consumer campaigns which build new markets for our farmers. Let us have more, not less, scientific retail distribution which cuts through costly time-wasting bottlenecks. Let's learn to move more goods from the plow to the paper bag swiftly and cheaply.

The new order of State Socialism in Europe, closing our former markets, gives America a challenge she must meet within her own borders.

CONGRESS MUST STAY

From Congress itself, from the press, and from all parts of the country by letter and telegram comes the demand Congress shall remain in session during this critical period.

Congress holds the purse and the sword. These are the two weapons with which America defends its existence. The President cannot open the purse or draw the sword without the consent of Congress. In the last analysis he is the servant of Congress, acting according to its direction with weapons it provides.

Who can tell what a day may bring forth? Congress cannot foresee the immediate future. Its ability to act on an instant is the greatest assurance of national safety that could be devised. It cannot act unless it is in session. When it is not in session, the United States government is not in full operation. The people are not represented, and being scattered and unrepresented they are powerless.

For the sake of the people of the United States in a time of crisis, Congress should stay, ready to act.

UNCLE SAM'S LEDGER

The official Daily Treasury Statement of June 11 showed the financial condition of the Treasury since June 1, 1939 to be—

Expenditures	\$8,840,122,186.39
Receipts	\$5,328,363,598.37
In the hole	\$3,511,758,588.02
The gross Federal debt on that date was	\$42,793,774,869.
Your per capita share of that debt is	\$329.18.

SACRAMENTO, June 27 —(U.P.)— A new state fund of \$10,000, not subject to the usual auditing, has been established for investigation work of Attorney General Earl Warren.

Warren declined to say what the money would be used for, but it reasonably can be assumed that some of it will be devoted to the attorney general's recently announced drive against subversive and "fifth column" activities in California.

The fund was set up under a provision of law which gives the governor and the controller authority to exempt any specified allocation from auditing. The only other secret fund at the present, however, is the \$15,000 provided in the regular legislative budget for use of Gov. Culbert Olson.

The governor's office emphasized that no additional allocation of funds was made to the attorney general, but a portion of his regular budget appropriation was set aside in a special fund for which he does not have to submit vouchers to Controller Harry B. Riley, as is ordinarily required.

The administration denies any intention of establishing Jerry Giesler, personable Los Angeles attorney, as a sports "czar" in California despite the fact he is at present chairman of both the state horseracing board and the state athletic commission.

Giesler is expected to resign the athletic commission chairmanship in the near future to devote greater attention to his new appointment to the racing board.

He is credited with doing a masterful job of "rehabilitating" the athletic commission, which had been subjected to widespread criticism and a legislative investigation. The governor's office said he accomplished a great deal in improving the standards of the boxing and wrestling games in the state and in wiping out inefficiency and dishonesty.

Know Your AMERICA

(Ed. Note: This is one of a series of short articles taken from data compiled for scenes of "America! Cavalcade of a Nation", theme spectacle of the 1940 California World's Fair.)

In the eighteenth century all American colonies had common interests and common problems. For the most part their institutions and their experiences were very similar. The English language, English ideas of law and English patterns of government prevailed from New Hampshire to Georgia. And it was these like interests that determined the trend of American history in this eventful century. We had no kings and noblemen at one end of the social scale and no serfs and peasants at the other. Wage workers in mills and factories and farmers alike had found a certain independence, an antipathy to this new land so far away from their native countries.

In taking the racing board chairmanship, Giesler goes to another agency that has been somewhat under a cloud. Charges were made before the recent senate horse racing investigation committee the board forced track owners to contribute to Democratic campaign funds under a threat of curtailed racing schedules, and other testimony was presented that was highly damaging to the administration, even though not completely proved.

In addition to regulating racing the horse racing agency is an important tax collecting body, handling nearly \$3,000,000 a year in proceeds from the state's four per cent "take" from pari-mutuel betting.

Assemblyman Sam Yorty of Los Angeles, who was chairman of the legislative committee which investi-

GEMS OF THOUGHT ON EDUCATION

Education has for its object the formation of character. —Herbert Spencer.

Instruction increases inborn worth, and right discipline strengthens the heart. —Horace.

We understand best that which begins in ourselves and by education brightens into birth. —Mary Baker Eddy.

Enlighten the people generally and tyranny and oppressions of both mind and body will vanish like evil spirits at the dawn of day. —Jefferson

Real knowledge, in its progress, is the forerunner of liberality and enlightened toleration. —Lord Broughman.

Mere knowledge is comparatively worthless unless digested into practical wisdom and common sense as applied to the affairs of life. —Tryon Edwards.

Biggs, Butte county, recently reported it was entirely free of bonded indebtedness.

gated radicalism in relief, is the fourth candidate to enter the primary election race for U. S. Senator.

Yorty was considered an ultra-left wing Democrat less than a year ago but at the recent special session of the legislature he began attacking radicalism and even turned against Governor Olson in a dispute over relief policies. He is basing his senatorial campaign on military preparedness.

Heading the list of senatorial candidates is Hiram W. Johnson, member of the upper house in Congress since 1917, and a candidate for reelection on both the Republican and Democratic tickets. Lieut. Gov. Ellis E. Patterson and John Anson Ford, member of the Los Angeles county board of supervisors, also have filed both for the Democratic nomination.

The Olson administration's investigator in the forestry division, Carl Sugar, has been ousted from the state service through the functioning of the civil service laws.

Sugar was appointed to a vacant \$245 position on a temporary basis pending a civil service examination, but he failed to qualify for the test and was removed from the payroll automatically at the end of six months.

The investigator was formerly chairman of the state forestry board and launched an unsuccessful attempt to oust M. B. Pratt, veteran state forester.

HERMIT OF HILLS IS CAPTURED BY TAHOE OFFICER AFTER HUNT

TAHOE CITY, June 27—Constable Harry Johanson of Tahoe Park on last Thursday tracked down and captured the Wild Hermit of Sugar Bowl Hill, who allegedly committed many burglaries in the Donner Summit region during the past year. Living in a rudely constructed hut about 6 by 10 feet, built, Johanson said, like a bear's den, the only visible food was a supply of crackers, bread and a jar of bloody meat which the officer stated resembled ground squirrel.

The hermit gave his name as Mike Slater and said he had lived in this region for two years though he was formerly from Chicago. He gave his age as 35. The hut was located a mile east of Sugar Bowl resort toward the Donner Summit. It was almost completely filled with shirts, socks, ski accessories and clothes were stacked, two feet high on the bed. Property supposedly belonging to the Southern Pacific was also found.

Five men assisted Johanson in the man hunt which the officer organized after some time of investigation. The constable said that around fifty pair of socks alone were found in the hut.

The recluse was taken to the Truckee jail Thursday night and transferred to Auburn Friday. He confessed to a series of parked car and other petty thefts after extensive questioning by officers.

OUTLET IS OPENED ON SUNDAY, JUNE 23

TAHOE CITY, June 27—The level of Lake Tahoe Monday, June 24, was 6228.3 feet. One gate at the Truckee River dam outlet was opened Sunday for the first time since all gates were closed on December 31. Temperatures on Sunday varied from 83 degrees to 45. Warmest temperature yet recorded at Tahoe this season was 85.

Highways were filled with traffic over the week-end and weather and fishing conditions were ideal. An eight pound rainbow trout was caught by Roy Spencer, local high school student, on live minnow bait. Spider Lake also was reported good fishing by Martin Spitsen and a group of Tahoe friends on Sunday.

TAHOE LAKE SCHOOL HONORS GRADUATES AT NIGHT EXERCISES

TAHOE CITY, June 27—Graduating exercises for the eighth grade of Tahoe Lake School were held in the auditorium on June 19 with a capacity audience present. The following program was presented by the pupils with music by the school orchestra under the direction of Otto Fox: an original play featuring the graduates; processional of the class; violin solo by Dick Hinkle; greetings from the high school by Bill Bechdolt, student body president; address by Elwyn H. Gregory, county superintendent of schools; presentation of diplomas by Mrs. Northrup Pomlin, clerk of the school board.

A chorus of intermediate grade pupils assisted in the program.

Graduates included Helen Edley, Thelma Edley, Faith Pyle and Dick Hinkle.

EL CAMPO INN TO OPENING SATURDAY

HOMEWOOD, June 27—Joe Orsi, one of the owners of El Campo Inn announces that that widely known Lake Tahoe resort will celebrate the opening of the 1940 season with a special grand opening on Saturday. A free dance, sandwiches and entertainment will be provided for visitors each Saturday night, Orsi said. The El Campo specializes in fine Italian dinners and maintains an excellent cocktail lounge. Popular prices prevail and everyone is invited to come and enjoy themselves.

Next month the resort will celebrate its fourth anniversary with a special party the date to be announced later.

DONNER RELICS TO BE DISPLAY AT LIBRARY

TAHOE CITY, June 27—An exhibition of relics of the Donner Party will be on display at Tahoe Branch Library after July 4, through the courtesy of Dr. and Mrs. George H. Hinkle of Tahoe City, who recently revised and published McGlashen's "History of the Donner Party." The relics were collected by C. F. McGlashen of Truckee, Mrs. Hinkle's father, who devoted much of his life to gathering material for his famous book.

Church services at the Chapel of the Transfiguration near Tahoe City were held Sunday by Bishop Noel Porter of Sacramento.

TAHOE REGION NEWSETTES

Members of the Mt. Ralston Fish Planting club of Sacramento made a trip to Round Lake on Sunday where they planted young fish secured from the Tahoe state hatchery.

Word was received here this week by the Lake Tahoe-Sierra association of the possibility of the state fish and game commission members meeting with the organization at the August 20th meeting.

The dinner dance by Carpenters Local 2035 at Cal-Vada Saturday night drew hundreds of members and guests from many points. Host John Rayburn had enlarged the floor space of his cocktail lounge and had it filled and overflowing.

Mrs. Edgell Stolz of Tahoe Park entertained at a pleasant bridge luncheon and musicale last week, honoring Mrs. M. C. Mason of Santa Monica. Tahoe guests included Mrs. Theodore Schleuter and Mrs. T. Edwards. The regular monthly meeting of the Lake Tahoe Ski club will be held at the community center Friday, June 28, at 8 P. M.

A benefit bridge party is being held today at Brockway Casino to help finance civic improvement projects on the north end of the lake.

Vesper services at Tahoe community hall were resumed last Sunday by Rev. G. J. E. Ketch of Truckee.

Mr. and Mrs. John S. Edwards of Santa Barbara, with their sons, opened their Sunnyside home last week. Mr. and Mrs. S. L. Bussard of Sacramento are at their Tahoe home near Pomin's.

Mr. and Mrs. George W. Rodolph of Piedmont have opened their home at Homewood.

Mr. and Mrs. John Spencer of Forest entertained at a beach picnic at Rubicon Park Sunday, honoring Mrs. T. H. Suffal of Reno, Miss Muriel Suffal and Mrs. J. Craig of Hollywood.

Gene and Bud Walker plan to take a party of around 25 on a horseback trip to Yosemite in August. About two weeks will be spent on the trip with camping out all the way.

Miss Marcella Walker of Woodland is spending the summer at Tahoe.

Mr. and Mrs. George Ladd of Sacramento have leased the restaurant at Tahoma for the season.

Mrs. Henry Wehrman returned on Wednesday from a five day trip to San Francisco.

Dave Renner, former Tahoe and Truckee silk ace, is now employed at the Lockheed aircraft factory at Glendale.

Mrs. May S. Maynick of San Francisco is at her lakeshore home at Carnelian Bay.

Mrs. Sophie Miketta of the California Preparatory school of Beverly Hills was a guest at Tahoe Inn last week-end.

Mrs. Charles H. Bailey is occupying the George Scott home near Tahoe Tavern.

Removal of some of the 25 mile an hour speed limit zones on lakeshore highways was effected last week by highway officials.

State highway crews are working steadily on widening and improving projects near Tahoe City.

Possibility of a joint meeting of the Tahoe Womens Club and the Truckee Wyethia Club sometime in July was announced by Mrs. Willis Hevel, president of the Tahoe club. The occasion will be the welcoming of the state president of the womens clubs federation to the region.

Bacchi's Inn reports a large crowd of Sacramento guests at the formal opening on June 22.

Miss Patricia Henry and Mr. and Mrs. Robert Watson attended the Carson Rodeo on Sunday.

Charles Swanson of Sunnyside is spending a week's vacation in Oakland with his family.

Tom Adam of Auburn was a guest of Mr. and Mrs. R. Adam of Ward Creek over the week-end.

EASTERN DRIVER IN WEEK-END ACCIDENT

TAHOE CITY, June 27—Strand Mikkelsen of Massachusetts lost control of his car on the Truckee-Tahoe highway Sunday afternoon, hit a post and turned over with only minor bumps and bruises resultant. While the Mikkelsen car lay on its side near the middle of the highway, a car and trailer driven by Mr. and Mrs. James Bouska came along, was unable to stop soon enough and bumped into Mikkelsen's car, knocking it from the road. The accident occurred about three miles north of Tahoe City. Both vehicles were slightly damaged but no injuries were reported.

Mikkelsen, a brother of Roy Mikkelsen of Auburn, was en route to a day of water skiing with Carl Bechdolt, Jr.

Sgt. George Spaulding of the California Highway Patrol investigated.

Mr. and Mrs. John Maderos of Sacramento have moved to Lake Forest to live while he is employed in highway construction work.

MAN SENTENCED TO 15 DAYS IN FIRE CASE

V. L. Maroney, itinerant, was sentenced to 15 days in the Placer county jail in the court of Judge John A. Runkel of Dutch Flat last Saturday for setting a fire within the Tahoe National Forest. Maroney had been camped on Blue Canyon Creek and, in coming back from a trip down the creek, found that his bed roll had caught fire, apparently from a cigarette he had dropped in it, and had burned up and the fire was on the way up the mountain. Suppression forces of the forest were called and confined the fire to about 25 acres. Protective Assistant J. A. Wheeler at Big Bend Ranger station and Junior Fire Prevention Officer J. D. Rafferty of Nevada City investigated and apprehended Maroney.

The value of mules in California dropped from \$108 per head in 1939 to \$102 this year.

A total of 4270 persons in California receive monthly benefit checks from the Federal Social Security Board.

The number of patents issued annually in the United States greatly exceeds that of any other country.

Better Light
**HELPS KEEP
EYES RIGHT!**

PEOPLE say modern lighting that is "easy on the eyes" makes the eyes feel better... And they are right... Good lighting brings out the beauty of the home furnishings... It aids personal beauty, too.

Light that is glaring brightness or that is dim and gloomy makes hard work of seeing. It causes squints and frowns and scowls and brings on many premature wrinkles and face-lines.

Good, modern lighting merely means the right kind of light, and the right amount of light where you read or sew or use your eyes. And you can have it easily, quickly, inexpensively.

Bridge Keeper is High and Dry

SACRAMENTO, June 20 —(U.P.)— The Sutter county board of supervisors are paying Nick Schwall \$50 a month as a bridge-tender on the Feather River because the War Department says the stream is navigable, but Schwall would be greatly surprised if he had to operate the drawbridge's mechanism.

In the first place, the stream has become too shallow for anything except small power boats, in the second place the draw span is under repair, and in the third place the river channel has shifted until the draw span is over dry land!

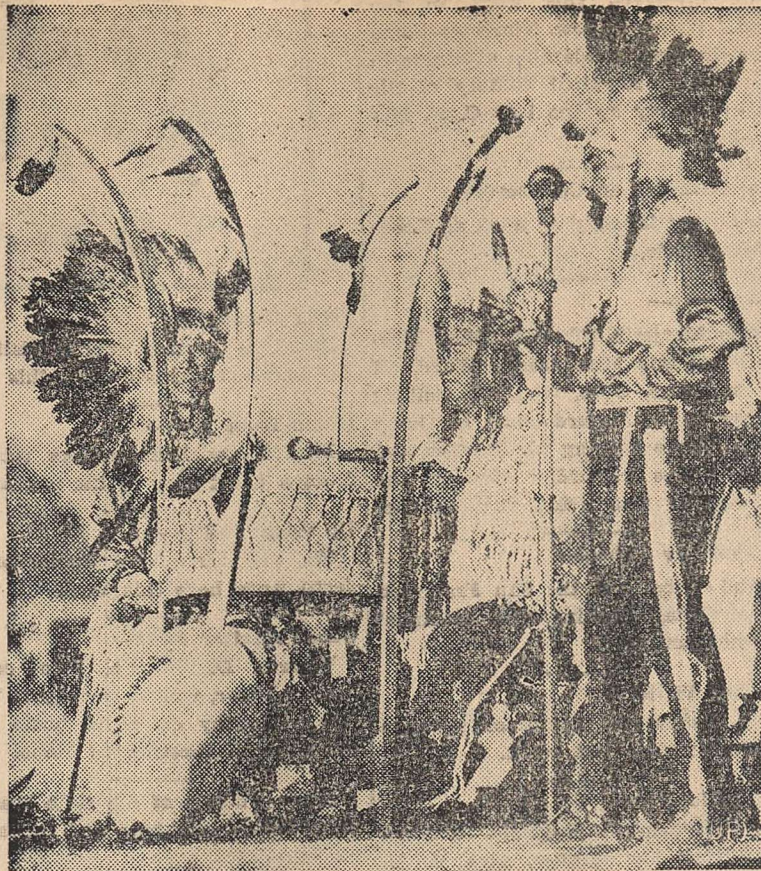

To round out his profits, New York's first printer, William Bradford, sold oatmeal, stockings, lamp-black and other diverse items. He started a newspaper in 1925 and used it to advertise his wares.

Indians to Feature Rodeo

Indian pageantry will play an important part in the Reno rodeo and livestock show, July 4-7, when Indians from the reservation at Stewart, Nev., present a pow-wow on the streets the night of July 3, to be followed by a pageant later in the evening.

Judge Jones Is To Head Military Plan in County

SACRAMENTO, June 20 —(U.P.)— The national preparedness drive was brought home to California counties during this week with the announcement of Adjutant General R. E. Mittelstaedt that civilian boards are being set up throughout the state to recruit volunteers for the armed forces of the United States in case of emergency.

Gen. Mittelstaedt said the voluntary procurement plan, as the recruiting program is known, is being established in every state in the union under direction of the various governors.

Gov. Culbert Olson already has appointed a superior judge in each of California's 58 counties to direct the organization in his particular area. Judge George L. Jones has charge of the work in Nevada county.

"Indications point to a call in the immediate future for the induction of volunteers pending the inauguration of a selective service draft, if the extremity should arise," the adjutant general informed the jurists. He explained that the purpose of the statewide organization is to obtain recruits for the army, navy and marine corps immediately upon the declaration of an emergency by the President.

Under the voluntary procurement plan, recruiting stations will be established in every community of 1,000 or more population throughout the state. Local boards will be responsible for stimulating enlistments, conducting preliminary physical examinations and transporting the applicants to the nearest regular recruiting stations for final tests and formal enlistments.

To intensify interest in flying, Stanford University has waived tuition fees in its summer course of pilot training, given under the auspices of the CAA.

The Letter Box

Mr. Walter M. Barrett,
 The Sierra Sun
 Truckee, California.

My Dear Mr. Barrett:

We very much appreciate the thought which was expressed in your editorial on June 13, and we wish to expand this slightly.

In our present war relief campaign 100 per cent of the funds collected will be used for war relief activities in Europe. The national organization is underwriting any expenses incident to the campaign. Eighty-five per cent of the donations are remitted direct to national headquarters for use in Europe; the other 15 per cent remains in the chapter's hands to be used in war production activities, such as making surgical dressings, garments, et cetera; thus every penny contributed by anyone to the Red Cross campaign will go for European relief. An interesting angle of this, of course, is that the Red Cross dollar is actually stretched inasmuch as the Pan American clippers and steamship companies carry emergency supplies at no charge to us. We are able to secure charter of ships of United States Maritime Commission at a very reasonable rate and we are able to secure surplus fruit commodities through the government agencies at approximately one-half the market price.

It is during our annual Roll Call, starting each Armistice Day that there is a split of the money taken in. Fifty cents of each dollar contributed goes to national headquarters for general administrative use throughout the country; the remaining fifty cents of each dollar is used by the local Red Cross chapter for its activities throughout the year. If donors take out membership in excess of one dollar, the amount which goes to national headquarters is still only fifty cents. Any amount above this fifty cents stays within the community.

Very sincerely yours,
 Snowden M. Hunt, Jr.

ATTRACTIVE DISPLAY

An attractive display of pictures and relics of the Donner Party were being displayed this week in the Lewis' Store window. The rare items were drawing considerable attention to the recently re-edited History of the Donner Party by the late C. F. M. Glashen.

The Chamber of Commerce—will meet Monday at noon at Good-fellow's Cafe.

Visit Here—

Miss Marjorie Edwards, Miss Evelyn Ward and Miss Eleanor Ward, all of Columbus, Ohio, who are visiting at the L. R. Jefford home in Grass Valley, were visiting in Truckee and Lake Tahoe yesterday viewing the wonders of this great vacationland.

At Summer School—

Leland Laity is at the San Francisco State College taking the teachers' summer course.

Truckee Visitor—

Bill McAdam of Sacramento was a Truckee visitor last week.

Visits Mother—

Mrs. Eugene S. Sheffield of Napa is visiting her mother, Mrs. S. M. Richardson.

From Gardnerville—

Miss Roberta Clement of Gardnerville, Nev., visited in Truckee.

CLASSIFIED ADS

RELIABLE GIRL— desires employment as nursemaid to children at Lake Tahoe for summer. Inquire Helen Miller, Riverside, Truckee.

TYPING DONE— Legal work, specifications, correspondence menus. Widely experienced in typing and stenography. Apply Dorothy Welch, Box 733, Truckee, Calif.

FOR SALE—Summer or winter home furnished, five miles west of Truckee on Donner Lake; beautiful view, spring water, electricity, three car garage on highway. See owner on premises, Mrs. J. J. Tansey.

FOR SALE—2 story, 2 apartment house, furnished. Sacrifice price. Inquire at California Cafe.

PHOTO FINISHING— 16 glossy prints, roll developed and two reprints from your favorite negatives. Send 25c. Additional reprints 2c each. Lee studio, 586 Court St., San Bernardino, California.

FOR SALE—Four room cottage at Donner Lake, on highway overlooking lake. Modern; clear. Price \$2500. Will sell or exchange for farm. Reply to Drawer G, Truckee.

FOR RENT—Unfurnished modern 4 room house at quarantine station on Truckee river. See M. C. Hayes

Visits Osborns—

Marjorie Mathes was a visitor at the Clarence Osborn home this week.

Home from Trip—

Miss Betty Pearson has returned from a short stay in the bay area.

Up from Valley—

Mr. and Mrs. John Eggler of Modesto were here this week.

Farm Advisor Here—

Warren D. Norton, Yolo county farm advisor, visited briefly in Truckee yesterday en route home after attending a meeting in Reno.

H. D. Pounds of the state board of equalization was here and in Calpine on Tuesday.

CALIFORNIA HAS NEW EGG LAW

The law takes effect July 1st. Under it, first grade eggs are marked Grade AA. Second grade eggs are marked Grade A and third grade eggs are marked Grade B. The eggs must also be marked Large, Medium or Small to tell their size. Grade AA eggs must have thick whites and firm yolks and be in the bloom of youth when sold to the consumer. Grade A eggs are good eggs but have lost the bloom of youth. Grade B is the lowest grade a dealer can retail. Eggs from hens out of condition or eggs left in a hot chicken house all day or under hens that want to set won't pass the test for Grade AA. So the egg farmer that produces Grade AA eggs must gather his eggs about 3 times a day, keep his broody hens shut up and deliver his eggs to the dealer while still in the bloom of youth and the dealer must get the eggs into the hands of the consumer before they have lost that bloom of youth. With a state egg inspector also a county egg inspector to watch the egg producers and dealers, a person, buying Grade AA should get fine eggs, well worth the small premium paid for them. —Adv.
